Powerful Youth LLC (USA) is a global social enterprise education services provider offering unique and engaging youth leadership training for ages 12 to 18 years. Powerful Youth offers spring and summer Global Leadership Academies in Canada, England and the United States in partnership with the Brookes Education Group. In addition, Powerful Youth also runs custom in-school programmes around the world, sending their dedicated and expert staff to run experience-based leadership programmes to build student's confidence and leadership soft skills such as communication, critical thinking and teamwork. Since 2014, the Powerful Youth Global Leadership Academies have provided exciting leadership experiences for hundreds of students from more than 18 countries.

The judges were particularly impressed with Powerful Youth's committed six month follow-up coaching to ensure their programmes have lasting results. In addition to online coaching support, their participants boast an impressive digital portfolio of their work as well as a detailed certificate of completion, exhibiting the knowledge they have gained. These programmes have proven to be an invaluable resource for young people by giving them a boost in confidence, new considered habits and a competitive advantage for university applications. Powerful Youth enables students to consider the connection between their passions and their studies to help them understand their place and direction moving forward as a young leader.

Powerful Youth's vision for a brighter future ensures each student not only completes two weeks of training but a lifetime of personal and community change.
